

Nevada County Mustangers

Dedicated to the preservation of an American Dream

The Nevada County Mustang Club was established in 1994 as a non-profit organization for the purpose of showing, restoring, and preserving something all members feel has come to state the American Dream. From its conception, the Ford Mustang was billed as a sporty family car that could in a crunch, seat four adults, but in all practicality two people with luggage actually fit better. In 1964 the first of the '65 models rolled off the production line, and new 40 years later, the Mustang has matured and grown along with the baby boomers.

What's interesting though, is the diversity of ages of people you'll find owning Mustangs. Our club exemplifies this with members in their seventies and some in their teens. You'll also find all years of Mustangs (first, second and third generation) being welcomed to our club. As a matter of fact we even have members that no longer even own Mustangs, but they do possess one quality we ask of all members – enthusiasm for a piece of American heritage – the Ford Mustang.

Thanks for your interest in our hobby, and we hope to see you at the club meetings.

Nevada County Mustangers Membership Form

Name: _____

Address: _____

Phone: _____

Email address: _____

Year of Mustang: _____ Body Style: _____ Engin: _____

Yearly Membership dues: \$10.00. Please make checks payable to : Nevada County Mustangers
